SUMMARY

I am seeking an opportunity with a dynamic and progressive organization to leverage my abilities and qualifications in the field to drive value and contribute to the company's growth. Eager to engage in professional development and seize opportunities for advancement within the organization.

PROJECTS

Cyber Attack Classification and Clustering using ML Algorithms   Github link

Utilized ML algorithms to classify and cluster cyber attacks, enhancing threat detection and fortifying cybersecurity measures.

Real time American Sign language detection - Digital Image Processing Project   Github link

Developed a real-time system for detecting and interpreting American Sign Language (ASL) gestures, leveraging computer vision and machine learning techniques. Enabled seamless communication between ASL users and non-ASL individuals, bridging the gap and fostering inclusivity.

Music App UI Design using Figma   Github link

Designed a captivating and user-friendly music app interface using Figma, ensuring an immersive and enjoyable music listening experience for users. Employed intuitive UI elements and creative design concepts to enhance visual appeal and usability.

Library Management System (LMS) - Database Project   Github link

A web application based application in which a user will log in and signup and then he/she issues the books from the library, also see the records of their profiles and the no. of books that they already issued from library.

EDUCATION

2020 - 2024	Bachelor's in Software Engineering from **Fatima Jinnah Women University**
2018 - 2020	Intermediate (ICS) from **FG College for Women**
2016 - 2018	Matriculation from **Standard Higher Secondary School**

SKILLS

Web Development	HTML, CSS, JS, PHP, React JS, Node JS, Bootstrap
Database Programming	mysql, MongoDB, sql
Languages	C++, C, python
Artificial Intelligence	Python
Android Development	Java, Flutter, React-Native (Basic Level)
Platforms	Git, Github, Azure, Google Colab, Kaggle, Jupyter Notebook, Figma

ACHIEVEMENTS

Microsoft Learn Student Ambassador Beta Member
Media Manager of Microsft Learn Student Ambassador
Video Editor IEEE Apprenticeship
